5	Segment Routing
8	As the actuality is around AI, which become widely use fin many activities. It will be very important to train people in the good and right way to use it in order to not become its slave.
10	Software Defined Networking Python Programming
12	AI in networks Yes face to face
14	-routing -cloud and storage system -network monitoring and security
15	I think that RPKI and ROA implementation should be intensified for internet security needs. BGP routing with its standards should continue to be part of the training; IP transit and peering are not left out.
16	Artificial intelligence
18	AI With the face of technology changing, a track on AI needs to be introduced at the physical / Face-to-face AFNOG
20	Devops
21	Network automation and and futur technologie (5g, LEO Sat, ..)
23	None comes to mind.
27	No sure what you mean by tracks. Any delivery on new or upcoming tech, AI, etc
28	Cloud computing and internet security
30	Implementation of New Top Level Domains Across the Continent.
31	Network Monitoring Cyber Security AI & ML
34	1) Universal Acceptance concepts 2) Emerging technologies and their impact on networks design, security and maintenance 3) Governance models for organizations supporting the African Internet ecosystem
35	Emerging technologies
36	Monitoring and Supervision (FR and EN)
39	Une excellente continuité sur les activités, c'est notre première participation.
40	System Administration Virtualization and Cloud Computing Network Engineering and Operations Network Monitoring and Management BGP Deployment Peering and IXP Routing Infrastructure and Security Operations Wireless Networking DNS and Registry Operations
41	AI & QR Code Quishing
47	SOFTWARE DEFINED NETWORK
49	Advanced Networks

Summary for G01Q07

HAVE YOU ATTENDED ANY OF THE ONLINE WORKSHOPS/TUTORIALS CONDUCTED BY AFNOG RECENTLY ? If yes, can you please tell the year and the track ? If not, can you please tell the reasons ?

YES	5	21.74%
NO	18	78.26%

ID	Response
5	In Uganda
15	AFNOG 2023 Johannesburg: All the tracks
20	2014
47	2019 AIS
14	did not see advertisement
16	No
18	Since covid time, my institution went through a lot and almost everything depended on me and my department, so we barely lost almost all the time and focused on making sure it stays afloat but now we have automated most processes, and we are having time to skill ourselves again
23	I'm new to Afnog
28	I prefer hands on in person sessions.
30	Didn't know that this was happening.
35	None
36	I was not available during the period
39	Pas pour le moment
